The Christmas season is fast-drawing nigh. And it is a season that makes us reminisce a bit about Christmases of other years. And it makes us wonder what Christmas will be like a few years in the future.

Yet, the scene before us in Tuesday's Santa parade left little doubt that Christmas changes very little, particularly in the eyes of children.

Each child that climbed into Santa's lap felt excitement unlike any experience he knew. It was apparent. The look in the youngsters' eyes told the story. Though some cried a little or smiled brightly or hesitated to say much to Santa, their delight and enjoyment was a happy climax to the parade.

100 - 100 - 100  
Ol' St. Nick is a popular representative of the many good things in the world. He is a messenger to our kids and children everywhere, telling them to have confidence and belief.

"There is a Santa Claus," his presence says, "Though there are a lot of stories that confuse us and cause us to question sometimes."

The look in those kids' eyes is convincing. They are better for it. And their parents derive obvious delight and reassurance, even for just a moment, that things are all right.

100 - 100 - 100  
Cameron's downtown decorations are a proud addition to the "Christmas City" atmosphere. They make an attractive trim along Cameron streets at night, glowing bright colors along the way.

There will be many Christmas gatherings in the next few weeks. Churches, clubs, schools will mark the occasion with parties, gift exchanges, and song.

It is a busy, happy time indeed.

## State Budgets \$230,200 For Milam FM Roads

The Texas Highway Department will spend \$230,200 for farm-to-market road betterment in Milam County during 1960. D. C. Greer, State Highway Engineer, has announced.

At the November meeting of the Texas Highway Commission a program of work was approved which provided for improvements of existing farm-to-market roads.

Not only surface and base strengthening but also bridge widening and replacement and shoulder improvement is included in the work which specific farm-to-market roads are scheduled to receive, Greer stated.

According to C. B. Thames, district engineer of the Bryan District, the following projects in Milam County have been listed for improvement:

FM 2095 from U. S. 77 South east of Cameron to Liberty, 10.3 Miles; FM Road 2269, From Bell County Line to Yarrington, 2.0 Miles; FM Road 487, From Bell County Line to Tracy, 13.5 Miles; FM Road 2270, From Bell County Line to FM Road 437 at Val Verde, 1.5 Miles; FM Road 437, From Bell County Line to Val Verde, 5.7 Miles; FM Road 1444, From Ben Arnold, east, 4.4 Miles; FM Road 1445, From Clarkson, south, 3.7 Miles; and FM Road 487, Between Davilla and US 77 north of Rockdale, 1.3 Miles.

These projects will either be constructed by contract or State maintenance forces as conditions permit and it is planned that these betterment projects will be placed under construction during the spring and summer of 1960, Thames said.

Wants To Drop 2 Trains

## Rail Seeks Cut In Schedule

The Santa Fe Railroad Tuesday told Cameron leaders of company plans to discontinue passenger trains Nos. 5 and 6 between Kansas City, Mo., and Houston.

J. A. Dana, general company freight agent, said intention to discontinue the north-south trains will be filed with the Interstate Commerce Commission Tuesday. He said Santa Fe would request 12:01 a. m. January 7 as the cutoff time for the last of the two trains.

His announcement followed a luncheon at the Texan Cafe for Cameron Chamber, City Council and civic club leaders and area press representatives.

Dana prefaced his remarks about plans for the discontinuance request by quoting yearly losses ranging from \$590,000 to \$815,000 in the operation of the two-train schedule.

Dana said that Cameron provided 45 passengers during August, 32 in September and 60 in October, showing the number of passengers served out of Cameron.

Mayor Bassel Wilson asked Dana and the Santa Fe to consider the town's position in thinking in terms of improving service rather than taking it away.

Dana told Postmaster John Hays that the postal department would make other arrangements

for parcel post delivery now coming in or being picked up on Trains 5 and 6.

Pulling the service would leave Cameron with one-a-day train service each way on Trains No. 65 and 66, Dana noted.

Similar meetings were being held in 14 other Texas towns along the main Santa Fe line. All would lose the two-a-day train service.

Dana and R. William Jackson, division freight agent, Temple, issued fact sheets that showed sharp declines in trains 5 and 6 passenger fares between 1952 and 1959.

Dana said "we held off the decision to cut service as long as we could before making the request."

Santa Fe shows decreases in fares on the two trains of about \$350,000 in seven years. Rail figures showed fares at \$738,336 in 1952 and revenue totaling \$268,247 for the first nine months of 1959.

"If we had used the ICC's formula for figuring costs," Dana said, "We would have shown losses nearly double our cost accounting system."

Jackson told The Herald that the Trains 5 and 6 would in no way affect other passenger service to Cameron or freight service here.

## NM Fund Plans Final Campaign To Close Drive

The North Milam United Fund reported today that a final drive will be held to close out the 1959 campaign as total contributions were listed at \$5,179.82.

Drive Chairman Wayne Wieser said that a final effort to contact all contributors will be made for an official windup by December 15.

Participating agencies in the North Milam Fund are: Girl Scouts, Boy Scouts Salvation Army, Red Cross, Heart Fund, Milam Charities and Library fund. Goal for the North Milam Fund this year is \$10,700, Wieser said.

Co-Chairman W. C. Wallace said that contributions can be paid quarterly after the initial pledge. Contributions can be earmarked for particular funds if contributors desire, he added.

Wieser urged campaign workers to make their final contacts and turn in their pledge cards at the earliest possible time.

## TB Seals Reach Milam Countians

Letters containing the traditional Christmas seals have been mailed to the citizens of Milam County as the Milam County Tuberculosis Association's annual appeal for funds gets underway.

Valter White of Cameron is seal Chairman and the Rev. Ben Skyles of Rockdale is co-chairman.

## McGregor Among 16 Applicants For Scholarship

Charles W. McGregor of Cameron is one of sixteen applicants for the 1960 Alco Foundation Scholarship allotted Alcoa's Rockdale Workers, it was announced this week.

A Yoe High School senior, he is the son of Mr. and Mrs. Charles T. McGregor.

The Scholarship provides \$2,500 financial assistance for four years of college study for a graduating high school senior who is the son or daughter of a Rockdale Alcoaan, according to R. R. Sugg, Works Manager.

Winner of the grant will be announced next spring by the Scholarship Selection Board, headed by Milam County School Supt. H. D. Maxwell. Other members of the Board are made up of school officials from this area.

Other applicants include Douglas Wise of Milano; Miss Laverne Urbanovsky of Caldwell; Dalton Carter, Miss Carolyn Fincher, William Goodman, Harvey Holliman, Miss Grace Marshall, Miss Barbara Mushinski, and Miss Annie White, all of Rockdale; Miss Jo Ann Burruss of Taylor, Robert Evans and Miss Beuna McNulty of Thorndale; and Mrs. Annie Lee Campbell, Larry Krueger, and Gary Zieschang, all of Thrall.

## Class Attendance Good In Cameron, Officials Report

Cameron School officials report that student attendance was 97 percent or above in 10 classrooms during the second grade period.

Supt. Wiley Loughmiller said the over-all attendance in Ben Milam School was 94.59, Ada Henderson 96.18, Yoe High School 96 percent and O. J. Thomas 88 percent.

The 93 percent attendance marks were scored in classes taught by Mrs. Nadine Zelisko and Mrs. Elizabeth Zelisko.

Classes above 97 percent are taught by V. A. Adams, Mrs. Leona White, Mrs. Glenda Dusek, Mrs. Charlie Nabours, Miss Agnes Dusek, Mrs. Merle Hickman, Miss Mary Randolph and Yoe High Schools Sophomore class.

Any Toys To Give?

## Santa Project Set

Any toys around your house that some child could use?

Cameron Jaycees are making an appeal for new toys or used toys that need minor repair for their fourth annual Santa Pals project for needy children.

Jaycee President John Schigut said today that toys, new or used ones, may be left at White's Auto Store Zarosky's or Schigut's in Cameron.

If anyone desires that toys be picked up, Schigut said a call to OX7 - 3343 will bring a Jaycee to pick up the toys.

Schigut said the Jaycees this year are limited by manpower and shortage of time and will be unable to make major repairs on used toys.

He said that toys needing touching up can be used. He asked that groups having gift exchanges consider giving toys which can be used for the Santa Pals project to the less fortunate children around the Cameron area.

The annual Christmas project reached about 300 children last year. It was inaugurated four years ago. Jaycees also will complete erecting of the Community Christmas tree this week.

Toys for the Jaycee Santa Pals project will be distributed to underprivileged children in the area a few days before Christmas.

# Chamber Vies For AA Playoff Game

Cameron Chamber, school and press officials met Sunday afternoon with representatives from Brady and Jasper in an attempt to host the two schools' AA grid playoff here.

After meeting at Cameron Administrative office for about two hours Sunday, Brady and Jasper officials elected to hold the playoff game Friday in Temple.

But Cameron Chamber leaders stirred commendations from both towns' officials on this city's interest in the game.

Chamber President Milton Schiller, Mayor Bassel Wilson and Jerry Schiller went to the Brady-Taylor playoff game and invited Brady school officials to consider playing the winner of the Saturday Jasper - Bellville game in Cameron this week.

Then Saturday night Schiller and Chamber Manager Richard Moseley invited Jasper officials to visit Cameron and consider the site for the Brady game.

Both schools sent delegations to Cameron Sunday to see Yoe Field and view Cameron accommodations

for players, band and fans.

Meeting with them Sunday afternoon at Ben Milam School were school boardman Niley J. Smith, Quarterback President Dr. S. H. Richardson, Schiller, Moseley, YHS Principal J. R. Young, Coach Jim Speer and representatives from Cameron press and radio.

Moseley received a letter from the Brady Superintendent of schools extending their appreciation for the Cameron invitation and explaining that Temple was selected because of larger seating capacity and accommodations.

Moseley said the Chamber would continue to seek playoff games for Cameron following the next round of games this weekend, the quarterfinal stage in AA ranks.

Jasper is sending a special train with 500 people to Temple for the Brady clash. Reports say that the game will be a sellout at Temple High School Field.

Spokesmen from Brady told Chamber officials in Temple they were impressed by the reception in Cameron and that Temple was selected as the site because of a larger field.

## Santa Flies Into Cameron For Big Event

Santa's Cameron parade drew about 7,500 people Tuesday afternoon and a number of beautiful floats in a two-mile procession through the downtown area.

Ol' St. Nick flew into Cameron after circling the city for about 10 minutes. He landed at Cameron Airport in time to climb into his sleigh and greet youngsters along the parade route and in the Court-house square.

Chamber Manager Richard Moseley said the four top winners in the float contest were:

ONE — Yoe High School Student Council

TWO — St. Anthony's Parent - Teachers Club

THREE — Bethel AME Church

FOUR — Davilla Elementary School

Officials estimated about 7,500 people filled downtown Cameron for a view of the annual Chamber of Commerce Santa parade.

Moseley said that a record number of youngsters crowded the Courthouse Square to visit with Santa. Decked out in brand new red suit, Santa heard hundreds of requests for gifts and distributed candy to his host of admirers.

Officials had arranged a fenced approach route for youngsters to see Santa at the courthouse, but the eager crowd bulged its way around the Christmas visitor.

About 12 floats vied for the prize money. Also in the parade were bands from Yoe High School and O. J. Thomas High School.

Chamber President Milton Schiller rated the parade one of the best in the event's history. Last year about 8,000 people attended the parade and about the same number of floats and parade units participated.

Moseley and Hilliard Thomas, chairman of the Chamber trade promotion committee, joined with Schiller in extending their appreciation to all the firms, clubs, school organizations that joined in making the parade a success. Parade marshals were Richard Williams and Nannie Caperton.

Moseley cited the Rev. Gerald R. Cobb for providing air transportation and piloting Santa to Cameron.

## Herald Expands County Coverage

The Cameron Herald is happy to present news coverage in two more area communities, Gause and Rogers.

## County Agent Notes ...

## Dormant Period Means Tree Work

By J. D. Moore

When to prune or cut limbs off trees is a timely question - limbs may be cut from trees any time after the trees become dormant. Thirty days after the frost kills the leaves on fruit and shade trees should be a suitable guide for when to start cutting limbs from the trees.

Remove all dead, broken and diseased limbs from fruit and shade trees. The proper way to shape or space the limbs on the main body or trunk of a tree is to select limbs coming out from

the tree in a "spiral sequence" beginning at the bottom limbs and work toward the top. In other words, limbs should be selected that are in alternate positions on the tree trunk. No two limbs should be selected that are in alternate positions on the tree trunk. No two limbs should be left that come out of the tree trunk at the same place. On young shade trees, forks caused by two limbs should be avoided since they weaken from future loads and are easily broken by high winds.

Soil fertility for trees - the most accurate way to find the fertility of trees is to have a soil test made. Generally, a tree needs one pound of commercial fertilizer for each one inch diameter of the tree trunk. If a tree trunk is ten inches in diameter, ten pounds of fertilizer should be supplied around the tree under the limb spread. A crow bar can be used to punch holes in the ground to a depth of six to eight inches spacing about two holes to each square yard of area around the tree. Fertilizer applied in this manner will "stay put" in the soil until tree growth begins next spring and can be applied without disturbing lawns and other non-cultured areas.

All trees need spraying - A three percent dormant oil spray should be used on all fruit, nut and shade trees that go dormant. The purpose of this spray is to control scale and scab insects.

Treat for borers and application of P. D. B. around the base of the tree for control of borers in the tree below the soil should be applied especially to fruit trees. Materials containing ethylene dichloride can be sprayed or painted on the tree trunks and lower limbs for the control of lesser borers. Most local stores that handle spray materials can supply the needs of most trees.

## Cotton Referendum Due December 15 For Area Farmers

Tuesday, December 15 is the day cotton farmers will vote in a referendum to decide whether marketing quotas will apply to the 1960 crop of upland cotton.

The vote will also determine the kind of allotment - price support program available for the 1960 upland cotton crop.

All growers who engaged in the production of upland cotton in 1959 are eligible to vote in the December 15 referendum.

To go into effect, the quotas must be approved by at least two-thirds of the growers voting. Voting places will be announced later.

Upland cotton supplies for 1959 are estimated at 23,154,000 running bales - 4,434,000 bales above the "normal supply" figure beyond which the Secretary of Agriculture must proclaim a national marketing quota for the 1960 crop.

The national marketing quota for the 1960 upland cotton crop has been set at 13,133,000 bales (500 pounds gross weight) and the national acreage allotment at 16 million acres. In addition, 310,000 acres are provided by law for minimum farm allotments.

The national acreage allotment for 1960 is divided among states and counties on the basis of the acreage planted to cotton during the 5 - year base period 1954-58, with adjustments as provided by law.

## White Sets New Stalk Deadline

Agriculture Commissioner John C. White, Friday set a final deadline of midnight, December 15, for destruction of all cotton stalks in 21 Central and East Texas counties.

The order includes the counties of Bell, Burleson, Falls, Milam, Robertson, Brazos, Leon, Burnet, Madison, Grimes, Houston, Walker, Montgomery, Trinity, San Jacinto, Polk, Angelina, Tyler, Hardin, Jasper and Newton.

The plow - up deadline for these counties was originally set for November 10.

Commissioner White pointed out that a survey of the area indicated that many farmers have been unable to finish harvesting the cotton crops and have not been able to destroy the stalks due to the late season rains. Inspectors will immediately begin checking fields in the area to keep watch on conditions and the degree of compliance with the pink boll worm control program, White said.

The public is cordially invited to attend the 4-H Achievement Program.

**Christmas Parade Float**  
The Milam County 4-H Clubs have nearly completed their entry for the Christmas parade. There was a very good attendance at the float decorating meeting, Saturday, November 21, at the Kirk garage in Cameron.

**County 4-H Council**  
Milam County 4-H Council met November 21 in the Baptist Sunday School annex in Cameron. Jo Ann Hollas, Chairman, presided at the meeting. Coming 4-H events were discussed.

4-H members who plan to enter an exhibit in the pecan show should be making plans for their entries. The Show will be held

December 3, in the building next door to Esslinger's Grocery store in Cameron.

There is a special division in the Foods Show for Junior entries. 4-H girls and boys are encouraged to enter their favorite pecan recipes in this division. There are a number of pecan food recipes available at the county Extension office.

**Show Entries**  
4-H members planning to enter dairy heifers in livestock shows should be making plans to put blankets on their heifers. Patterns for these blankets may be obtained from the county agents office.

**4-H TRACTOR SCHOOL** - Temple has been selected as the location for a two - day 4-H Tractor School for adult leaders and county agricultural agents in Texas Agricultural Extension Service Districts 8, District Agent R. G. Burwell has announced.

"The school will be one of two to be held in this 20 county district to provide information and instruction for keeping tractors and other farm machinery in good work condition, and to operate them safely and efficiently," said Mr. Burwell. "It is a part of a statewide 4-H Tractor Program which will include 25 similar schools."

This training is designed to CARE for tractors to head - off

need of REPAIR of tractors and other farm equipment. It is sponsored by the Humble Oil and Refining Co., the National Committee on 4-H Boys and Girls Club Work, and the Texas Agricultural Extension Service, in cooperation with and local dealers.

The adult leaders and county agricultural agents will use the information gained in the school to conduct 4-H Tractor Programs in their home counties.

Instruction will include safety, preventative maintenance, operation, fuels, oils and greases, ignition and cooling systems. This kind of training is necessary to help keep the more than 300,000 tractors and nearly 3,000,000 pieces of other farm machinery in Texas in operation.

More than 6,000 4-H Club members, 469 volunteer adult leaders and 2,000 adult farmers participated in the 4-H Tractor Program which was active in 164 counties last year.

## Peanut Growers

## To Vote Quotas

## Question Soon

A national marketing quota referendum of peanut growers - the first in three years - will be held December 15, the State Agricultural Stabilization and Conservation Committee announced today.

Balloting will determine whether or not marketing quotas will be in effect for the next crops of peanuts.

If at least two - thirds of the votes are favorable, quotas will be in effect for the 1960, 1961, and 1962 crops of peanuts, penalties will apply to "excess" peanuts, and price supports will be available to growers who comply with their acreage allotments at the full level of support announced.

If more than one - third of the voters oppose, quotas and penalties will not be in effect for the 1960 peanut crop, and the level of price support to eligible growers will drop to 50 per cent of parity. In such a case, another referendum would be held in 1960 for the following three crops.

A grower will be eligible to vote in the Dec. 15 referendum, Mr. Sanders said, if he is entitled to share in 1959 - crop peanuts planted for harvest as nuts on a farm having more than 1 acre of peanuts planted.

Peanut marketing quotas have been in effect each year since 1949. In the last previous referen-

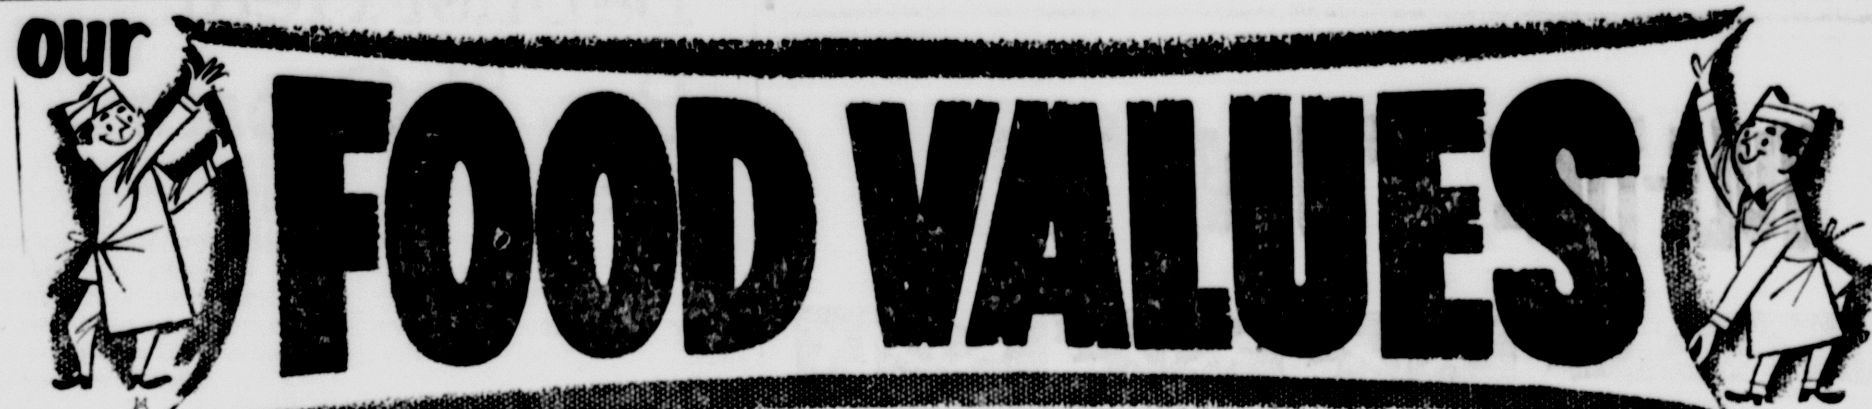

dum, quotas for the 1957, 1958, and 1959 crops were favored by 93.5 per cent of the growers voting.

November 24 marks the arrival of Brenda Suzan, 8 lb. 6 oz. daughter of Mr. and Mrs. Pete Kunz of Cameron.

Mr. and Mrs. Ladis Marek announce the arrival of a daughter, Annamarie, who was born November 25 and weighed 3 lbs. 14 ozs.

# 'Yule Mail Time Is Here' Hays

"It's time to start those Christmas mailings!" Postmaster Hohn R. Hays said today. "On the calendar Christmas is a month away, but here in the Post Office it's Christmas every day from now on."

"Actually, to get all of the Christmas gifts and cards delivered on time is largely a matter of advance planning and preparation that should be done this week," the Postmaster pointed out.

"Don't take chances on mailing poorly wrapped packages," he said. "Use sturdy corrugated mailing cartons, plenty of heavy brown wrapping paper, and be sure that every package is tied with strong cord. Cartons containing several gifts should be well stuffed with tissue or old newspapers to cushion the contents."

He said further, "If you have articles of unusual size or bulk,

better check with the Post Office before attempting to mail them - the limits on size and weight of packages vary, depending on where you mail your packages from."

As an extra precaution against loss, Postmaster Hays advised placing both your return address and the recipient's address on an extra large label inside the carton or package before it is wrapped.

If you use Christmas stickers or seals, put them on the back of your Christmas card envelopes so that they will not conflict with the address on the front.

Before you mail your gift packages be sure that proper postage is firmly affixed to each.

It's always a good idea to place a piece of transparent cellophane tape over the address portion of the label to prevent defacing it in transit.

## State Planning 8.5 Miles Work On F-To-M Roads

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-to-Market Road Program for Texas. Herbert C. Petry, Jr., chairman of the Texas Highway Commission, stated today.

Money for this program is derived from the fund established by Senate Bill 287, Fifty-first Legislature.

C. B. Thames, District Engineer of Texas Highway Department at Bryan, has stated that the following farm-to-market roads in this area are scheduled for work under this program:

FM 903 - From FM 496, 2.0 miles South of San Gabriel River, East, a distance of approximately 5 miles;

FM 903 - From 6.0 miles Northwest of Rockdale, Northwest to road intersection, a distance of approximately 3.0 miles;

From end of FM 496, Southwest to Williamson County Line, a distance of approximately 2.0 miles.

Thames stated this year the commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer Carol D. Zeigler Heerne, will be in charge of the work in this area.

## Grangerite Drills Wildcat In Milam

Milam County, which has had little drilling activity recently, had a new 2,000 foot wildcat last week.

The test was being drilled by Frank E. Martinets, Jr., of Granger on the 100-acre Charles A. Doss tract, San Antonio Express oil editor, Nancy Heard, reported in her column last week.

Location is 6 miles west northwest of Rockdale in Maria J. del Gado Survey.

The Doss land is believed to be the same acreage on which one of the early attempts to find oil

## Herald Corrects Truck Bid List

The Herald inadvertently omitted a complete list of bidders and submitted bids for the truck purchased in a City Council meeting Friday, November 20.

The bid was awarded to Woodum Auto Sales at a low bid meeting specifications of \$3,416.73, city officials announced.

A complete list of other bidders was:

Hefley - Stedman Motor Co. - (two bids) - One - \$3,279.02 and two, \$3,478.02.

Schiller Motors (two bids) - One - \$3,164.50 and two, \$3,264.50 Earle Pearson Chevrolet \$3,594.05 Culpepper Motor Co. - \$3,578.

In Milam County was made. Old news stories report in February 1914, a well was being drilled on the Doss land by the Rockdale Oil and Gas Company, with Dave Hornbeck as driller, and was down to 1665 feet.

It was abandoned at 1500 feet. Two or three other wells drilled in 1915 had showings of oil and gas, but never became producers, and the company finally stopped drilling because of the expense.

**3 Basic Hunting Accidents**  
About two - thirds of all hunting accidents can be traced to three causes, according to Ed Cooper, extension wildlife specialist. They are: human in the line of fire, mistaking humans for game, and careless handling of firearms, which includes hunting with the safety catch off.

**1960 Wheat May Be Record**  
The 1960 wheat crop may exceed the 1959 crop, even with the minimum allotment in effect, says economist. It has been estimated that 53 million acres may be harvested, he adds. If yields based upon the 1956-59 average are obtained, a crop of about 1.2 billion bushels would be produced, 8 percent larger than the 1959 crop.

## A Pre Christmas Plan...

Christmas can mean many things to Milam Counties. It can mean death... on the highway.

In the words of the Texas Safety Association: "It would be interesting to discover, in this era of motivation research, what the word 'holiday' means to most people. What is the first thing that flashes to mind when the word is mentioned?"

"Time off from work? A trip? An excuse to celebrate? A tragic accident toll?"

"Unfortunately, truthful answers probably would place all of these higher on the list than the true meaning of the holiday. And it is especially unfortunate that holidays must have an association with high accident tolls."

"Christmas, with the deepest spiritual significance, is the deadliest holiday of all, according to the National Safety Council. Ironically, it achieves this terrible distinction precisely because we want it to be such a wonderful occasion."

"It is a sentimental holiday. People will drive long distances for the traditional family reunion, undaunted by the worst weather. More travel — especially winter travel at highway speeds — means more accidents."

"It is a convivial holiday. The joyous spirit of the occasion is too often sought in liquid form."

"This deadly conjunction of the throttle and bottle has dimmed the true radiance from the star of Bethlehem."

We join with the Texas Safety Association and the National Safety Council in urging you to plan for a happy Christmas season, begun this week with the Christmas Santa Parade in Cameron, and include in your plans a safer driving along city and county, state and national streets and highways. You will be glad you did.

## The Little River Philosopher

Sage Suggests US Switch  
On Foreign Aid Policies

Dear Editor:

One of my favorite schemes to restore self-confidence in the world has been a plan to send American diplomats aboard to try to get some foreign aid for the United States.

This wouldn't result in any foreign aid for us, but it might get over the idea to all the countries we're helping that eventually the well may run dry and they'd better start digging themselves. It doesn't hurt to get rocked back on your heels once in a while. If we do try such a plan, I hope the foreign countries sending aid to me will be far-sighted enough to use the latest plan we've adopted for them.

According to an article I read in a newspaper last night which I brought home from town to put under my mattress to keep out the cold, the United States has revised its foreign loan plan and is now requiring any country that borrows money from us to spend it in this country. This makes a lot of sense and if any foreign country wants to lend me money, I will guarantee to spend it over there, if it'll accept money orders.

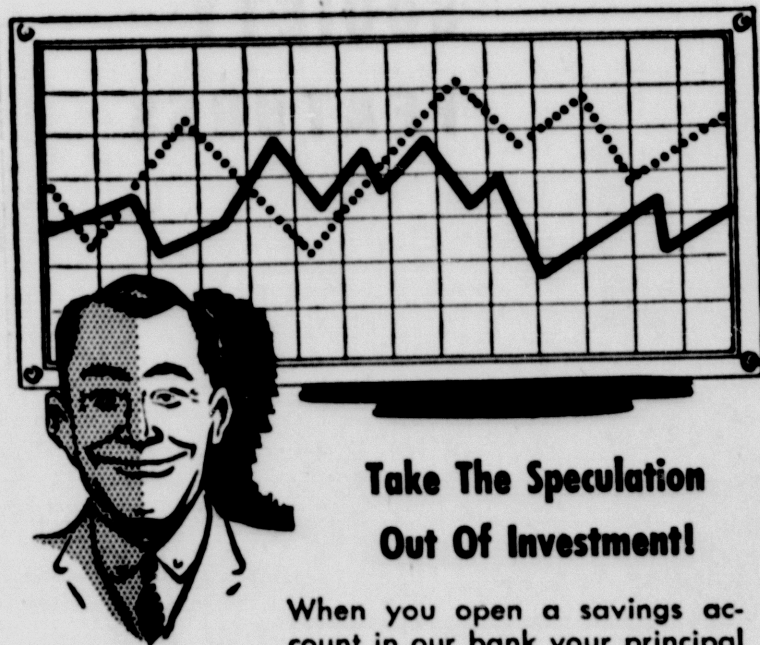

But the second wrinkle in the loan plan is what interests me. Washington has announced that in the case of Afghanistan, the money will be in the form of direct aid instead of a loan, "because the economy is in bad shape."

I wish to announce to all foreign countries interested in helping me out that I can meet this new requirement satisfactorily. My economy is in bad shape too. In fact, you might call this farm out here one of the under-developed spots of the earth and badly in need of foreign aid.

Understand, I don't begrudge all the help we've given other countries, but times change, the man who was on top last year may be on the bottom next year, and it won't do any harm to look to the future.

We've got to cushion the shock, in case the United States ever asks for foreign aid, and I'll be glad to pioneer in this and accept some, just to get the rest of

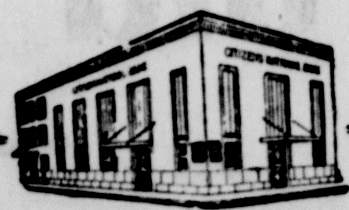

the country used to the idea.  
Yours faithfully,  
J. A.

# Special 'Gifts' Key Austin Eyes

By Vern Sanford

AUSTIN — Ordinarily, between Thanksgiving and Christmas, politicking takes a back seat to holiday preparations in the Capitol.

This year a lot of people are more concerned with what sort of "gift" they'll get in January. Gov. Price Daniel has called special elections to fill the three legislative vacancies for Jan. 9.

For the several candidates already actively running for these offices, election would be a highly acceptable post-season "present."

Governor Daniel also has written members of the Legislature asking how they feel about having a special session early next year to raise money for higher teachers' salaries.

Some already have stated, bluntly and publicly, that this is a "gift" they could pass up. It would force them to choose, right before running for re-election, between disappointing the teachers and passing a new tax, which always makes somebody unhappy.

Several have said that they feel the matter of teacher raise either should have been settled during the session last spring and summer or should be postponed until the next regular session. After statewide elections, it's pointed out, legislators might have a clearer idea of what all the people want.

Other lawmakers, however, say they feel teachers should have an immediate raise.

Talk now is that if the special session is called, it will be about Jan. 12, just after the special elections.

For state officials in general, holiday dreams are focused, not on Dec. 25, but Feb. 1, the last day to file for a place on the primary ballot. For the candidates, no "visions of sugar plums" can compare with the hope of having Feb. 1 end with no tough opposition in sight.

### WATER ENGINEER RESIGNS

McDonald D. Weinert has resigned his post as chief state water engineer effective Jan. 12.

Weinert said he was not leaving because of being "under fire by anyone" and that he did not have another position at the time.

Weinert is a retired Army Engineers Corps colonel. He was hired in April, 1958, to head the Water Board's planning section. Legislature authorized the planning section to study all the state's surface and underground water resources and make a statewide report to the Legislature.

Water Board has been the target of critical statements in recent months by the Texas Water Conservation Association and the Texas Society of Professional Engineers. TWCA charged that friction between board members had caused the state's water program to lag.

Governor Daniel, in a recent speech, recommended that the Water Board be reorganized along the lines of the State Highway Commission.

**WATER FIGHT CONTINUES**  
Whether the Trinity River or the San Jacinto is the best source for Houston's future water needs is the issue in a prolonged hearing before the State Water Board.

Trinity River Authority and the City of Houston are seeing permits to build two dams near Houston. San Jacinto River Authority is contesting the application. It contends Houston has an agreement to get its water from the San Jacinto and that Trinity water is insufficient and polluted.

Engineers for the Houston-Trinity group have presented mountains of statistics in support of their case that Trinity water will be adequate for industrial use and cheaper than San Jacinto water.

City of Denton has dropped its opposition to the proposed dams after coming to an agreement with TRA and Houston to protest water rights of the Garza-Little Elm and Grapevine reservoirs.

## 40 Years Ago

Misses Carroll and Cain of Cameron High School faculty attended the State Teachers Institute in Houston during the Thanksgiving holidays.

Visiting students during the Thanksgiving holidays were Ruth Coleman, Cecil Barmore, Louise, Mabel Jim and Mike Coleman.

The Women of Milam County were urged to pay their poll taxes in order that they might vote the same as Milam County men.

## 20 Years Ago

William Billy( Giles, Cameron ex-football player, was named Captain of the Army football team while attending West Point.

Sonya Heini, Swedish skating star and Hollywood actress, breezed through Cameron on a train at 4 a. m. one Tuesday morning on her way to Houston to do an ice show.

Frank Perrin from A & M College and his brother Douglas Perrin of Texas University spent the week end with their parents Mr. and Mrs. E. A. Perrin.

Other students home for the holidays were Miss Katherine Monroe daughter of Mr. and Mrs. Frank Monroe; Miss Mary Ann Green, daughter of Mr. and Mrs. Leland Green; and John Lane and Roy Baskin, son of Mr. and Mrs. Roy Baskin Sr.

## Pecan Show Set In Rogers Legion Friday - Saturday

The second annual Bell County Pecan show will open in Rogers Friday and close Saturday.

This show will be held in the American Legion building next door to the First State Bank. All people who have entries should have them in not later than 8 a.m. of Friday judging will be on this date and the pecans will be left on display for the public on this Saturday.

There will be a trophy given for the grand champion and ribbons will be given for other winners.

The show is held annually and is under the sponsorship of the Rogers Community Service Club. Judges will be from A & M College. Winners in all classes will be sent to A & M College for the State Pecan show which will be held later in December. Officials are expecting a large number of entries this year and would like to urge all pecan growers in this area to submit entries and help make it the Best Pecan Show in

## RHS Band Members To Try Regional

The following members of the Rogers High School Band will try out for the Regional Band in Belton on December 15: LaVoyce Punchard, David Wright, and Bob Green.

At a recent assembly the senior members of the band were recognized. The Band Parents Club gave each an award jacket as follows: Martha Necas, Lanelle Marchak, Freda Finney, LaVoyce Punchard, Nadine Hargrove, Glenn Fischer, and Pat Cillier.

Members of the band who played football on the Eagle squad are now back in the band the third period. They are: Richard Tyler, Jimmy Cowen, Johnny Chervenka, Brian Harbour and Ace Dyess.

## Two Other Students Make Honor Society

The Herald failed to list Miss Rebecca Harden and Miss Theresa Koranek on the National Honor Society list, published last week. They are among 27 students who were named to the Yoe High Chapter during 1959-60. Both girls are sophomores.

E. M. Crow Dies  
E. M. Crow a long time resident of Rogers passed away and was buried on Saturday in the Rogers Cemetery. The Rev. Edmund Lacy conducted the services at the First Baptist Church. Funeral arrangements were by the Rogers Funeral Home.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

## The Luckless Legion by Irwin Caplan

## Story Of Cameron Business Leadership

# Top Service And Parts Are Available At Earle Pearson's

izes in a complete sales, service auto insurance and GMAC financing at his Chevrolet agency in Cameron.

Perhaps least known but always available is the excellent financing and insurance service available on new Chevrolet trucks and cars at Pearson's.

He offers GMAC financing at low interest rates and Motor Insurance Corp. insurance coverage.

"We provide insurance that allows you, the car owner, to pick the repairer of your car — no need to take time off from your job for estimates. Just tell your dealer

to have it fixed for you," Pearson emphasizes.

Backing up Pearson's years of auto know how in sales, service and financing is a well-trained staff of people interested in giving you the best in auto repair work, sales and parts service.

His sales staff includes Larry Hackebell and Carroll McElwrath who are well experienced in the automotive business. In the parts department is Joe Lee Heitman. And John Johnson serves as assistant parts manager and lube technician.

Office personnel include Mrs.

Earle Pearson and Gloria Boyls.

Heading the service department is D. C. (Dick) Young, recently of Rogers. He is ably staffed with three top mechanics and Chevrolet specialists.

Lawrence Jetter provides air-conditioning know how and mechanical experience to assure Chevrolet drivers of first - rate service. W. E. Gilbert rates well in mechanical know how and Melvin Dornier, body repair expert, turns out finished auto body repair that compares with the best.

Oliver Baylock handles the lube and wash department.

## Milam, White's To Give Bicycle Away Dec. 5

The Milam Theatre and the White Auto Store will give a lucky boy or girl a new bicycle for Christmas. All that is required is that they go to the Milam Theatre or Whites Auto and register. This bicycle is to be given away December 5th at the matinee.

Another contest is the essay on John Paul Jones. The winner will receive a beautiful model ship and a month long free pass. All you have to do is write the winning essay on what John Paul Jones is famous for and mail it to the Cameron Herald by Dec. 5.

The Milam will have a good number of fine movies including "North by Northwest" the MGM thriller will show here Sunday, Monday, Tuesday, and Wednesday, December 6, 7, 8, and 9. Albert Hitchcock directs this movie in true Hitchcock fashion. Cary Grant, Eva Marie Saint, and James Mason star in this spine - thrilling drama, mixed romance, Suspense and espionage. The "Devil's Disciple" will be here Dec. 10 and 11. It stars Burt Lancaster, Kirk Douglas and Laurence Olivier.

The Milam is one of the most modern theatres in this area. It features a new sound system that is rated better than the finest in high fi. Peck also stated that he has "the finest in refreshments and popcorn to add to your movie enjoyment."

An 11-year veteran with the two Cameron Theatres, owned by Cameron Theatres Inc., Pec said "The personnel and management of both the 77-Drive In and Milam Theatres strive to give our customers the utmost in movie entertainment for the money."

Cary Grant falls in love with a girl of mystery, Eva Marie Saint, in "North By Northwest," new MGM thriller produced and directed by Alfred Hitchcock. James Mason also stars in a spine-tingling drama mixing romance, suspense and espionage.

One of the most unusual romantic interludes ever staged for a movie takes place in "North By Northwest," with Cary Grant and Eva Marie Saint as the pair who fall in love when Miss Saint hides fugitive Grant in her drawing room on a Chicago-bound train. James Mason also stars in the new Alfred Hitchcock thriller for MGM.

All interested persons are advis-  
 ed that the reconstruction and im-  
 provement of U. S. Highway 79  
 from 1.6 miles west of Milano to  
 1.0 mile east of Milano is being  
 planned by the Texas Highway  
 Commission. The reconstruction  
 will follow the existing route of  
 U. S. Highway 79 through the town  
 of Milano. Preliminary drawings,  
 plans and sketches showing the  
 proposed work are on file at the  
 office of Carol D. Zeigler, Senior  
 Resident Engineer, Hearne, Texas.  
 Any interested citizen may re-  
 quest that a public hearing be held,  
 respecting such proposed recon-  
 struction and the economic effect  
 of such reconstruction by deliver-  
 ing a written request to Carol  
 D. Zeigler, Senior Resident Engi-  
 neer, P. O. Box 506, Hearne, Tex-

## I Give You Texas

By Boyce House

The recent death of Federal Jud-  
 ge James V. Allred removed from the  
 stage of public affairs the most  
 colorful figure of his generation in  
 Texas. The former district attor-  
 ney, attorney general and govern-  
 or was a marvelous campaigner  
 man - to - man and, in his era,  
 was without a peer on the stump.  
 It was my privilege to hear him  
 many times and he was always  
 eloquent and clever - equal to any  
 situation.

When he was running for govern-  
 or in 1934, I traveled in his cam-  
 paign party for more than two  
 weeks as a newspaper correspond-  
 ent and none of the writers ever  
 wearied of his speeches. Even  
 though they covered largely the  
 same ground each time, he was  
 able to impart a sparkle and a  
 freshness. An audience to him  
 was an inspiration and it was a  
 joy to hear him.

Judge Allred had a keen sense  
 of humor and a spirit of fun.  
 While he was governor, he was on  
 the program of the West Texas  
 Chamber of Commerce convention  
 in Plainview. A group of newspap-  
 ersmen called on him in his suite  
 and he asked, "What would you  
 suggest I talk about?" Each of us  
 in turn offered suggestions. He  
 listened attentively, thanked us and  
 when he made his speech, never  
 touched on a single subject we had  
 mentioned! (He already had his  
 address in mind of course when he  
 asked for suggestions.)

In 1942, Judge Allred ran for the  
 United States Senate and this col-  
 umnist was a candidate for lieuten-  
 ant governor. Each of us closed  
 our campaign in Marine Park in  
 Fort Worth. I was to speak until  
 he arrived. When he got there I  
 was in the middle of my remarks  
 and he told the chairman, "Let  
 him go on." The audience of 5,000  
 was proving very responsive -  
 (after all this was my home  
 town.) After six minutes more, my  
 vigorous speechifying closed to  
 cheers and a great honking of car  
 horns. Allred strode across the  
 platform, the first to shake my  
 hand.

Some years later, when I spoke  
 to the Houston Central Lions Club,  
 Judge Allred conferred a great  
 honor by introducing me. Not long  
 afterward, he and Mrs. Allred en-  
 tertained the members of the cou-  
 ples Bible class of which he was  
 the teacher with a barbecue in the  
 yard of their beautiful home in  
 Houston. He had invited me to speak  
 and, as the Lions Club speech  
 had closed with a poem on Mer-  
 riman cemetery, "the cemetery  
 that was for sale," I used a dif-  
 ferent selection in order to spare  
 the Judge a second hearing.

At the conclusion, he expressed  
 thanks, then added, "But I'm dis-  
 appointed." No doubt, I looked  
 dismayed. After a pause, he said,  
 "Yes, I'm disappointed because our  
 visitors didn't tell us the story  
 about the cemetery during the

Page 10 CAMERON, TEXAS' HERALD, DEC. 3, 1959

Ranger boom. Won't you give us  
 that one, too?" (Of course, it was  
 done.)

For all his dramatic fervor when  
 addressing a crowd, Judge Allred  
 was modest. Only a few weeks  
 after he had been nominated for  
 governor, I saw him in Fort Worth  
 seated alone at the counter of the  
 Texas Hotel coffee shop. And short-  
 ly before the date of his inaugu-  
 ration, I saw him one night stroll-  
 ing alone, looking in Fort  
 Worth store windows. When I stop-  
 ped to chat, he spoke, half - rue-  
 fully, of the host of office - seekers  
 he had been encountering.

As time passes, men will tell  
 and re - tell stories about him;  
 how, because of principle, he gave  
 up a lifetime position as federal  
 judge to make a race for the  
 United States Senate; how, in one  
 campaign, he realized, after the  
 first primary, that his choice for  
 governor had no chance but he  
 refused to leave the sinking ship  
 and campaigned even more val-  
 iantly for a hopeless cause; how,  
 as governor, he challenged mil-  
 lions of dollars in his fight for the  
 repeal of racehorse betting.

And in time, too, legend will  
 interweave with fact and there  
 will be such incidents told as the  
 occasion when the young candi-  
 date, seeking a cemetery working  
 in progress, stopped and introduced  
 himself. Invited to speak, he  
 knew that anything political would  
 be inappropriate and so he gave an  
 extemporaneous address upon Tex-  
 as and its pioneers, their cour-  
 age, their sacrifices and the eter-  
 nal happiness which raw w as  
 theirs and the tears flowed down  
 the faces of the stalwart farmers  
 and of their sun-bonneted wives.

Each person who knew him has  
 individual memories of the verve,  
 silver speech, crusading spirit and  
 the winning personality of James  
 V. Allred.

**IT'S BASKETBALL TIME** - Dwayne Juergens (60) arches a beautiful shot into the basket. This is one of the three field goals that he made in the game as he led the Yoemen with 10 points. The Yoemen lost the game 57 to 27. Their next home game will be with South Houston of Pasadena on December 10.

## View On Sports

By Robert Mann

When Coach Jerry Hopkins' basketball squad "hit the deck" last week for the first time, it was noted that two sophomores were in the starting lineup.

Due to the shortage of senior players, the roundballers could have a rough time of it this year. Otherwise they appear to have a solid team.

The only senior on the court is Dwayne Juergens. He stands 6-1 and has more basketball experience than anybody on the team. Jimmy McClaren, 6-3 and David Barkmeyer, 6-2 are the two Juniors used as starters last week. Sophomores were represented by Chris Gay and Jimmy Woodum. Gay, football halfback, is 5-7 and Woodum 5-8.

Ed Lierman and Earl Morgan were used sparingly during the game. Lierman's 6-2 and has had one year of basketball experience on the B-team. This is Morgan's first A-squad year. A B-team man two years, he's 5-7.

### VOS

Former track coach and backfield coach Murphy Webster along with a host of former Yoemen were in Cameron over the holidays. A few were Ray and Johnny Tepera, George Zarosky, Guy Dillon, Herb Marek, Warren Rinn.

## JC A-A Elliott Proves Caliber With YHS Record

An ex-Cameron Yoeman was named to the highest football honor he could have received last week. He is Bobby Elliott, former Cameron quarterback now attending Del Mar Junior College.

Elliott was selected on the Junior College, All-American team, an honor that only a few Junior College players in the nation receive.

Though long-gone from Yoe High School, Cameron fans remember Elliott for his sparkling offensive play in 1957.

Elliott led Cameron to a 7-3 season only to be beaten out in district competition by Killen.

Elliott proved to be one of the greatest running quarterbacks Cameron has had in years. He scored eight touchdowns in garnering 642 yards. He ran over two PAT's.

In the passing department Elliott hit 23 out of 58 for 359 yards, four of his tosses were for touchdowns.

Besides Elliott, three other former Yoemen of '57 will see action in the Junior Rosebowl in Pasadena, Calif.

Guy Dillon, all-state fullback Warren Rinn, all-district halfback '57 and George Zarosky, all-district end of '58 will be in the lineup.

Rinn, 145 pounder in '57 was an all-district player in '56 and '57. He was the fastest man on the Yoe team and averaged 7.4 yards a carry his senior year. Rinn picked 10 touchdowns runs.

Dillon was the powerhouse for Cameron's '57 group, tallying over 700 offensive yards and playing outstanding defensive ball.

George Zarosky, last year's robust and freshman at Del Mar was named to the all-district and All-Central Texas squads in '58. He blocked 7 PAT's attempts in '57.

Paul Hoelscher and Bobby Elliott. VOS

Next year's football players are already hard at it. To keep in shape they are running track and going through regular calisthenics and exercises under the direction of Yoe High School coaches.

## Crowd Of 110 Attend Awards Program For Cubs

About 110 parents and guests attended an award program in November at Simon - George Hall for Cub Scout Pack 213.

Packmaster E. O. Schiller, Jr. said the next meeting of the group will be a Christmas party December 17.

Special awards were: BOBCAT — Frank and John Hanel.

WOLF AWARD — David Hurtik with one gold and one silver arrow point, and Danny Matula with one gold arrow and one silver arrow point.

BEAR AWARD — Al Heftt with one year service pen, one silver arrow, Wallace Culpepper, and Glenn Fogle with one gold and two silver arrow points.

OTHER AWARDS — Ralph Duffy, Richard Schiller, Mark Meyer, Charles Maddox and Bobby Dornier.

SERVICE PINS — One Year, Al Heftt, Ronnie Prokisch and Ralph Cannon.

Two Year Pins — Dennis Woodum, Mike Miller, Ernest Kuzel, Mike Boedeker, Bucky Wilkerson, John Fuller, Charles Maddox and Glenn Fogle.

## Resolution Cites Deceased Attorney

The Milam County Bar Association approved a resolution commemorating the late J. W. Garner, a former attorney in a meeting of the group in November.

Copies of the resolution were presented to his sister, Mrs. Rachel Jennings, Abilene; Buck Bond, Cameron and Mrs. Fulbright Mays, Goldthwaite.

## Police Reports No Accidents In City

Police Chief Chester Simons reported no accidents on Cameron streets during the past week and said that no accidents have occurred since November 15 in Cameron.

All was quiet in the burglary, brake-in or minor infraction departments, Simons said. No incidents were reported to police during the past week.

## Rogers Drops Thorndale, Troy Cagers

The Rogers Eagles invaded Thorndale and came home with a hard earned victory over the Bulldogs. The Flock started fast and took a lead which they never gave up. Everett Wright dominated the boards and was high point man for the game with 19 points. R. Westbrook was high point man for the Bulldogs with 12 points. This was Rogers' first game of the season.

**ROGERS NIPS TROY, 48 - 35**  
In the first half of the first home game of the season, Rogers took an early lead only to see it gradually hacked away by Troy. The score at halftime was Rogers 18 - Troy 13.

In the fourth quarter Rogers started pulling away and by the end of the game they had opened a 13 - point lead.

High point man for the Trojans was Charles Hancock, and high point for Rogers and the game was Ronnie Tyler with 18 points.

## Rogers Girls Lose 2 Games In First Week

The inexperienced girls basketball team of Rogers lost their first encounter of the season against the Thorndale Bulldogs, 43 to 16.

Thorndale held a 14 to 0 lead at the end of the first quarter. The Bulldogs continued to pour on the pressure as they built up a 29 to 16 lead at half-time.

The second half was somewhat different, with the Eagles storming back especially on defense. Thorndale had only a 14 - point second half.

Martha Necas led the Rogers team with 8 points. For Thorndale, high point girl was McAnulty with 16 points.

**ROGERS vs. TROY**  
Troy got down to business early as they downed the Rogers Eagles 59 to 29.

At the first quarter Troy had a lead of 19 to 3. Rogers chalked up 10 points in the second quarter, to make it Troy 32 to 10. The third quarter found Martha Necas hitting the cords for 12 points. The end of the third quarter still found Troy way out in front by a 47 to 22 lead.

High point honors of the game went to Troy's June Tate with 32 points. Patsy Downing of Troy had 16 points. For the losers, Martha Necas scored 25 points of Rogers' 29 points.

## Badgers To Play Thorndale Friday

The Badgers will play Thorndale there Friday and the next home game will be with Salado, Dec. 15 following the Rogers tournament.

The Buckholts Badgers basketball team swept a double header from Salado in Salado last Tuesday, topping them 63-46 in the girls game and the boys were dropped by the Badgers in a tight scoring game 32-27.

## Milano Defeats Calvert, Loses To Rockdale, 35-33

The Milano Eagles led by Bullock wrapped up Calvert last Tuesday night by a 52-29 score and the Eagles girls also won their contest 34-33.

Bullock was Eagle high point man with 12 for the boys while Ford had 8 for Calvert.

The second squad saw most of the Milano action in the last half. With the score 41-11 going into the third, the A team left the court.

Leading girl scorer was Jule Knight with 18. Green had 19 for Calvert.

Saturday night marked a tight contest with Milano being edged out Rockdale 35-33.

Milano made a great last quarter attempt for the win. The score was 39-14 after three quarters when the Badgers got after it. Bullock had 16 for Milano and towering 6-9, Harry Holliman had 22.

## Rogers To Play In Belton Tourney

The Rogers Eagles will enter the Belton High School tournament Friday. Rogers will play Gatesville in its first game in the tournament.

The Rogers team is made up of young players with only two seniors on the squad. They are Wright and Tyler.

H. L. Farrell has seen limited duty due to a knee injury received during the football season. His height will be a boost when he is able to go at full speed.

## Winter Grazing May Boost Profits

COLLEGE STATION Do you get your money's worth from winter grazing crops?

If the answer is no, perhaps changes are needed in winter grazing practices. Extension Agronomist John Box points out that when small grains, grass, and legume mixtures are properly grazed, they can supply the forage needed to step up the milk production from a dairy herd. The extra milk means larger milk checks.

However, many dairymen make the mistake of letting the entire herd graze as soon as a little green growth begins in the pasture. When this happens, the crop is grazed to the ground in a few days and future growth may be impaired. Box says closely grazed young plants recover very slowly since the root system has not developed and there is little leaf surface.

New growth on pasture plants is produced at the expense of previously stored organic food in the plant and over grazed plants cannot develop sufficient leaf area.

### Lime Boosts Income

Where lime is needed, economic returns may range from two to five dollars for each dollar spent for limestone. Some farmers, points out W. F. Bennett, extension soil chemist, have received even higher returns. To more accurately determine limestone needs, and whether or not an application would prove profitable, Bennett suggests that a soil sample be taken from areas where a lime deficiency is suspected.

to produce food for storage. Box recommends that grazing be controlled so that enough leaf area is left for food production and vegetative growth.

He says it's best to rip cows off of winter crops until there is enough growth to provide continuous grazing for at least two hours each day or until the plants are about six inches high. Even cool season crops stop growing when temperatures drop below 50 degrees F., says Box.

The agronomist points out that dairy cows grazing two or three hours daily and fed high quality hay will produce about as much milk as cows grazing all day. He also warns against grazing water soaked winter pastures. This practice can damage a pasture. He advises dairymen to use their good judgement about grazing winter pastures during wet weather.
